The requirements of this Part apply only to locally developed programs for which State funding is sought. Eligible applicants shall be those entities identified in Section 14A-45 of the School Code [105 ILCS 5/14A-45] as well as public university laboratory schools (see 105 ILCS 5/2-3.109a) approved by the State Board of Education pursuant to Section 18-8.05(K) of the School Code [105 ILCS 5/18-8.05(K)], charter schools (see 105 ILCS 5/27A-11.5), and area vocational centers (see 105 ILCS 5/2-3.109b).

Section 227.20 Submission of Proposal; Plan

As used in this Part, a “proposal” means the plan for gifted education that is required under Section 14A-30 of the School Code [105 ILCS 5/14A-30], accompanied by the additional materials applicants will be required to submit in response to a Request for Proposals as described in Section 14A-45 of the School Code [105 ILCS 5/14A-45] and this Section.

- a) When sufficient State funding is expected to be available to support local programs of gifted education, the State Superintendent of Education shall issue a Request for Proposals (RFP). To be considered for funding, an eligible entity shall submit for approval by the State Superintendent a plan for its program that incorporates all the elements required by Section 14A-30 of the School Code and meets the specific requirements of this subsection (a).
 - 1) In order to demonstrate compliance with Section 14A-30(2) of the School Code [105 ILCS 5/14A-30(2)], each plan shall include programs of instruction in English language arts and mathematics and may include programs of instruction in additional subjects. Each plan shall indicate whether the program will be unified across the subjects offered or students will be identified gifted on a subject-by-subject basis and shall provide a description of the curriculum and instructional materials to be used, the grades to be served in the various subjects to be offered, and the program’s approach to the development of higher-level skills, as required by Section 14A-30(11) and (12) of the School Code [105 ILCS 5/14A-30(11) and (12)].
 - 2) In order to demonstrate compliance with the requirements of Section 14A-30 of the School Code related to identification of the students to be served, each plan shall:
 - A) demonstrate that:
 - i) three or more assessment measures will be used for each student;
 - ii) these will include instruments designed to help identify gifted and talented students who are members of underrepresented groups; and
 - iii) active consideration is given to the potential eligibility of students who are identified as having disabilities;

- B) provide evidence that the measures to be used in each curricular area, when taken together, provide equivalent rigor in the identification of students as gifted and talented; and
 - C) discuss how the measures to be used in each subject area correspond to the level of attainment prerequisite to students' participation in the program.
- 3) In order to demonstrate compliance with Section 14A-20 of the School Code [105 ILCS 5/14A-20], each plan shall describe the method by which students' scores on the assessment measures used in each subject area, or across subject areas, as applicable, will be treated to arrive at a composite ranking that identifies the students who have scored in the top 5 percent locally.
- 4) In order to demonstrate compliance with Sections 14A-25 and 14A-30(7) of the School Code [105 ILCS 5/14A-25 and 14A-30(7)], each plan shall include evidence that:
- A) the ranking process for each subject area, or across subject areas, as applicable, is applied in the same manner to the scores achieved by all students;
 - B) if any program's capacity is inadequate to serve the entire number of students identified as eligible, the method of selecting those who will participate considers only the composite scores and their ranking;
 - C) the applicant has a procedure for accommodating students who were not available when the relevant assessment measures were administered but who may be eligible to participate in the program; and
 - D) in identifying the locations where the program will be offered, consideration has been given to the needs of students who are members of underrepresented groups.
- 5) In order to demonstrate compliance with the requirement of Section 14A-30(8) of the School Code [105 ILCS 5/14A-30(8)], each plan shall describe the appeals process that will be available when students are not identified as gifted and talented or are not selected to be served by a program, including evidence that each appeal will be considered:

- A) by an individual not involved in the original decision and at an equal or higher level of authority within the applicant organization;
 - B) using information in accordance with the requirements of subsections (a)(3) and (4) of this Section; and
 - C) in time for the student to be placed into the program at the beginning of the next semester, if the appeal results in the student's identification and selection.
- 6) In order to demonstrate compliance with the requirement of Section 14A-30(16) of the School Code [105 ILCS 5/14A-30(16)], each plan shall identify the qualifications held by the teachers who will be assigned to the program, provided that:
- A) each teacher employed shall be qualified under Section 227.25 of this Part after no more than three years of teaching in any program funded pursuant to this Part; and
 - B) each teacher not qualified under Section 227.25 of this Part shall complete some portion of the requirements chosen during each year of the grace period permitted under subsection (a)(6)(A) of this Section.
- 7) In order to demonstrate compliance with Section 14A-30(9) of the School Code [105 ILCS 5/14A-30(9)], each plan shall:
- A) describe the steps the applicant will take to inform parents and other members of the public of:
 - i) the existence and scope of the program;
 - ii) the methods used for identifying students who are gifted and talented and in selecting participants for the program; and
 - iii) the availability of the appeals process established pursuant to subsection (a)(5) of this Section; and

- B) provide a rationale for the applicant's outreach plans, with specific reference to the linguistic or cultural needs of any segments of the population that may not be readily informed of the program.
- b) Each RFP shall describe the format that applicants will be required to follow and any additional information they may be required to submit.
 - c) Each RFP shall include a budget summary and payment schedule, as well as requiring a narrative budget breakdown, i.e., a detailed explanation of each line item of expenditure that discusses the need for State funds in the context of the applicant's other available resources.
 - d) Each RFP shall identify the data recipients will be required to collect and report regarding the achievement of students participating in the program, as well as any other information to be reported and the associated timelines.
 - e) Each RFP shall include such certification and assurance forms as the State Superintendent may, by law, require.
 - f) Each RFP shall specify the date by which applications shall be submitted. The deadline established shall provide at least 45 days in which to submit plans that conform to the requirements of Article 14A of the School Code and this Part as applications for funding.
 - g) Separate proposals for renewal of funding as discussed in Section 227.40(b) of this Part shall be invited and shall contain at least:
 - 1) evidence that the program has complied with all aspects of Article 14A of the School Code and the approved plan;
 - 2) the required data relative to students' achievement and growth;
 - 3) information on the qualifications and professional development of the teachers employed that will permit verification of compliance with the requirements of Section 227.20(a)(6) of this Part;
 - 4) an updated narrative that discusses the services and materials for which funding is requested and presents evidence of continued need for State support; and
 - 5) an updated budget summary and payment schedule for the renewal year, including a narrative budget breakdown.

- h) Incomplete applications shall not be considered.

Section 227.30 Criteria for the Review of Initial Applications

Recipients of grants under this Part shall be required to devote State funds to needs and expenditures that are not captured in the per capita amount generally devoted to the education of students at the grade levels to be served by the program. Applications for initial funding shall be evaluated in accordance with the following criteria:

- a) Quality of the Plan (60 points)
 - 1) There is a coherent set of strategies for continuity of instruction in the specified subject areas as students progress through the grade levels, and articulation between those portions of the district's program supported with State funds and the other aspects of the program is evident.
 - 2) The curriculum in the subject areas covered by the program will provide appropriate challenges and learning opportunities for the students who participate.
 - 3) The plan provides evidence that services to gifted students will be integrated effectively into those students' schedules.
- b) Impact and Need (30 points)
 - 1) Decisions about the numbers of students to be served are justified in light of the resources available for meeting the goals of the program.
 - 2) Other sources of funding are limited to such an extent that the applicant will be unable to provide a high-quality program without grant funds under this Part.
- c) Staff Capacity (10 points)
 - 1) The plan identifies school staff who are available for assignment and who are qualified to provide instruction in the program or who will attain the required qualifications in the time permitted under Section 227.20(a)(6) of this Part.
 - 2) The proposal includes plans for ongoing professional development for the staff members assigned to the program, as well as others who may be assigned to it in future years.

Section 227.40 Allocation of Funds

- a) The State Superintendent of Education shall approve initial applications for funding and make final determinations regarding the amounts to be provided based upon:
 - 1) the total funds appropriated for this initiative;
 - 2) the needs and resources described and the amounts requested in the top-ranked proposals identified in accordance with the criteria set forth in Section 227.30 of this Part; and
 - 3) the need to make programs under this Part available on a statewide basis.
- b) It is the intention of the State Board of Education to approve funding for programs under this Part for a three-year period. Funding for the second and third years shall be contingent upon the availability of funds for the program, the evident effectiveness of the grantee's program and use of State resources, and the evidence presented in the renewal proposal that a sufficient need continues to exist for State funding.
- c) A district that has received three years' funding under this Part may subsequently apply as a new applicant.

Section 227.50 Statewide Activities

- a) Funding made available pursuant to Article 14A of the School Code may be used by the State Board of Education for purposes including, but not limited to:
 - 1) upgrading professional development materials and events for personnel statewide who serve gifted students, including the Gifted Education Institute referenced in Section 227.25 of this Part, or making professional development materials and opportunities more widely available;
 - 2) reaching underserved demographic groups or geographic areas of the State;
 - 3) developing and disseminating new knowledge in this field;
 - 4) developing and disseminating materials for use by parents of gifted students;
 - 5) building awareness of and support for gifted education;
 - 6) providing financial resources to support the review of portfolios developed by teachers to demonstrate required qualifications;
 - 7) supporting the administrative functions of ISBE required or authorized pursuant to Section 14A-35 of the School Code [105 ILCS 14A-35]; and
 - 8) other experimental projects and initiatives as outlined in Section 14A-50 of the School Code [105 ILCS 5/14A-50].
- b) When the funds appropriated under Article 14A of the School Code are sufficient to provide effective support for local programs of gifted education, the State Superintendent of Education may reserve no more than 5 percent of the amount appropriated for the purposes discussed in subsection (a) of this Section. When the State Superintendent of Education determines that the level of service to gifted and talented students statewide can more effectively be increased through statewide activities rather than through support for a small number of local programs, the State Superintendent may devote the entire amount available to these purposes.
